What happened to
the dinosaurs? A good reader
has to follow punctuation.

A good reader needs to understand
the book. A good reader if

you get stuck look at
the pictures to figure it

out. Great work!

Great advice!

~~AN READER~~

There are a few smart strategies you can use to become a better reader. One is to read just right books. And another is to read in a just right reading spot which means a quiet spot and a comfortable spot.

Great advice!

There are a few
smart strategies
you can use to
become a better
reader. one way
would be sounding
out words you don't
know. Another

strategy is taking
the time to practice
reading every day.

These ways can help
because the more
you practice
something, the better
you get at it. The next

7 time you see a word

time you sounded out before,

you will know it

lp Amazing work, Great!

~~Wanna know how~~

I would tell the

First Grader to

Keep track of

Permutation:

I would tell them

to give some

Books at it.

I would tell them
to focus on the
character on the
book.

Great advice, Dex!
