

# Sparky and Truffle Rose

Maya

One day Sparky the dog escaped from his home to go to the dog park.

The past day he met a beautiful dog named Truffle Rose. She had beautiful brown fur and glisening green eyes. Truffle Rose

was also a big dog like Sparky. Sparky was nearly at the dog park, and it was getting dark. Sparky made it to the dog park

and there she was Truffle Rose in the moon light. Sparky and Truffle

Rose danced together. Truffle Rose whispered to Sparky "Nice to see you

here." Sparky smiled. Meanwhile at Sparky's house Ana got scared. She could not find Sparky.

The neighborhood bell rang 10:00. Sparky and Truffle Rose had to part. The next day

Ana took Sparky to the  
dog park. Sparky saw Truffle Rose.  
They started to play and  
sing and dance together.  
This repeated over and  
over and Sparky and Truffle  
Rose got closer and  
closer every time.

# How to play war.

## Introduction

Why would someone write a book about war you might ask. I would say war is a card game a very fun and wonderful card game. You might not know about it now but by the end of this book you will be an expert.

Chapter #1 The steps to play war. In war you cannot look at your cards. First deal the deck into halves (for more than two people have more than one deck.) Each person draws one card from their pile and flips it over. The person whose card has the highest number gets both cards. If two or more of the players get the same number on their card have a war! The winner is the one who gets all the cards. If you run out of cards you are out.

Chapter #2 What do you do in a war? A war happens when two or more people have the same number on their card. In a war each person puts 3 cards face down on top of the first card. Then you take another card face up and the one who gets the higher card gets all the cards. If on the new

card is the same number then you  
have another war and repeat the process

### CONCLUSION

I hope you learned a lot about  
war and you can teach your friends  
and families

# Out the window

Jory

When I look out the window I see trees

The leaves are the color of peas

When I look out the window I see cars

I wonder if they can drive to mars

When I look out the window I see the sky

It is shy

One day I was walking down Cambridge Ave with my friend Aaron Sanchez, otherwise known as Aaron Judge. He had been my best friend since kindergarten. Aaron said to me, Isaiah Horford (otherwise known as Isaiah Thomas for my sick basketball skills) "Imagine if aliens came from space with chainsaws, and we had to leave Earth". I just said, "goodbye" and went to my basketball game and he went to his baseball game. The next day I went to meet Aaron at the corner. After school we started to talk about our sports games. Suddenly I heard my neighbor Pete yell "Aliens!" "Ha" another person started. Then I looked up and saw aliens floating down to earth. "Call 9-1-1 somebody screamed. When the aliens reached the ground I realized they were holding chainsaws. Suddenly the police came and ran up the aliens and said "who are you?" The aliens said "higgly yek" The police tried to peel their faces off and they came off. We all realized it was the halloween committee and they yelled "Happy Halloween!" That was a prank I will never forget.

# LEGOS

↓ Legos are big and small.

Excilent to play with

Great to build with

Orange, Red, Green, Blue

Super awesome

## How To Make A Canapult

A canapult is an object that launches materials. A canapult can help you get material somewhere else. I like canapults because you can have contests with your friend for which object can go farther. Now you know canapults are fun. Here are the steps of making a canapult.

Step 1: Gather materials.

Step 2: Take a plastic cup and stick a pencil through the cup.

Step 3: Put a stick on either side of the cup.

Step 4: Tilt the cup back by twisting the pencil backwards.

Step 5: Launch forward by twisting the pencil forwards.

Now you know the steps of making a canapult.
