

Arielle

♡ My Paragraph ♡

Welcome to Arielle Island!
In Arielle Island everyone lives in homes made of palm trees. We use palm trees because that is what we have access to. Also, it is warm all year round so palm trees grow the most. In Arielle Island we speak mostly English. The reason for that is because we are very close to the U.S.A so a lot of people immigrate from there. We also speak Hawaiian because we are very close to Hawaii. In Arielle Island we eat tropical food such as fruits, vegetables and more. That is the case because that is mostly what grows on the trees. In Arielle Island we value singing, dancing and acting. We also celebrate National Singing Day on every June 9th! Every once a month we have a huge acting parade! Come visit Arielle Island!
