This is what Rafi and I did on our sleep over last weekend. One thing we did is play on our iPad and watch T.V. Another thing we did is build an epic fort. The fort was about 135 inc and 45 to 15 inc long and was stable enough to sit on the ceiling of the fort. We also played connect 4 and went out 5. These are the things that Rafi and I did on our sleepover last weekend.

## My Brother's upcoming bar mitzvah

I am excited for my brother's Bar Mitzvah especially the party. The reasons why I think the party is going to be so fun is that there will be Ping Pong. Also the dancing. I can't wait till I lead my prayer at the service, my prayer is for Israel. Also my brother practiced very hard on his Torah portion and I want to hear it very badly. Probably the most fun part is when we all throw candy out him. This is why I am very excited for my brother's Bar Mitzvah.

I love swimming. One reason I like to swim is because it's good exercise. Another reason I like to swim is because it keeps you energetic. Swimming is also so much fun. You can swim with your friends, or alone. There are also ways to learn how to swim, for example taking a swim lesson, or asking your parents to teach you how to swim. Now you can try it too.

# Fire boy

They're once was a man who lived in a village in the Amazon. The chief one day ordered the man to cut 19,000 trees down for the village for they ran out of wood. The man went out to get it. He had no regrets and was careless. He cut down 8,999 trees so far when he went to the last. In his path he heard the wind for all wood don't destroy the world. He thought he was hearing things so he got out his axe and hit it against the tree. The tree fell and started a fire. The man died so did the village people.

Once upon a time there was a girl named Maggie. She lived in a world called Zallia in the galaxy of Nextia. Zallia was a planet just like ours. It had the same type of trees, animals and plants. One day a new king who most people didn't like. His name was Mr. Evil.
