I think that Emme would not be a good keeper because she is really shy. Sometimes Emme is not shy but around Hanna's friends she is really shy and she is shy around people she does not know. Emme also does not speak her mind. When she loses her cat and Hanna finds it she said that its ok if she and Hanna share the cat. Emme thought the iguana opposite but she still so that its ok to share the cat.

Big Nate goes for Brock by  
Lincoln Pierce. I don't think Nate  
would be a good leader. One  
reason is he's really bad at school  
work. Another reason is he does  
not like that someone liked someone  
else. one reason is he hates  
a school next to them named  
Jefferson. That is why he won't be  
a good leader.

I think Emma would not be a good leader because she can't even take care of her brother! Emma's mom lost her job so Emma's baking with the Cupcake Club to earn money and dog walking to earn money. Emma is not top of her plans most of the time. Emma is smart and kind. Emma has one little brother and two older brothers so Emma is the only girl other than her mom.

Robinson Crusoe by  
Daniel Defoe

Robinson Crusoe would make a perfect leader. He would make a perfect leader because he was a brave man and was the leader of his ship. He was also very compassionate. Robinson was very compassionate because he saved a lot of animals and people.
