The Lost Hero

I have 3 main characters
in my book. I would be most
friendly with Piper. I would be
friends with her because she is
nice, she also is brave and
good at fighting. I would be friends
with Jason because he is brave
and can fly. I would be
friend with Leo because he is
good at making stuff and is
good at making jokes.

Harry Potter

I would like to be friends with Harry because he's really friendly. He's also a wizard which is awesome! He could tell me how to do the quick spell to. I think we like the same types of food we also both like to hang out with our friends. Some would hang out alot. we both put stuff off real later, like if I have to clean I say I will do it in a hour or two. He said I have three months till the next task I will do the egg later.

if my main character Ada was
real and went to my school and
was in my class, she would be my
friend, she would be my friend
because she's nice. something
we have in common is we both
get upset. something we
might disagree on what we
play out park.

If Mikki was in our class we would
be friends not just any friends, best
friends. One Mikki and I are kind. Two: we
are both smart. Three we both have siblings.

The Twins - By Fuld Dull

My main character is Mr. Twist. I would definitely not want to be friends with Mr. Twist. I would not like to be his friend because he play very mean pranks on his wife, Mrs. Twist. Mrs. Twist also plays mean pranks on Mr. Twist which is why Mr. Twist plays pranks on Mrs. Twist.
