The Hardy Boys The Disappearing Floor

If the main characters in my book
The Hardy Boys could've wished for 1 thing
I think they'd wish for super tricky and
fun mystis for their future. I think that
because they really like to do mystis.
If they really like to do mystis then they might
want to do a super tricky and fun one. The
reason I put super tricky in there was
because they'd done mystis since a child and now
there a teenager.

Great answer, Raphie!

A Wrinkle In Time

By: Madeleine L'Engle

I would and I would not like to be a character in my book. I would, because it's interesting. It's interesting because Meg's (the main character) dad disappears. I would not, because it would be creepy. It would be creepy because Meg's dad disappears and an old crazy lady comes and says something about a trisector which absolutely terrifies the mother. A Wrinkle In Time is a very interesting book and can result in many mixed feelings.

Renata, A Wrinkle in Time was the first school-assigned book I ever truly loved and read ahead of my class 😊 Great thoughts here, and I totally hear what you mean 😊

Adim

In my book Harry Potter I would not want to be anyone. The reason for that is because Voldemort a dark wizard is back. Voldemort is Harry's enemy. He killed Harry's parents and no one is safe. Also every one is scared. SO that now I don't want to live in that world.

Great answers! I agree with you...

Losing It

The one wish I think Bennette would have is to either to become skinny, for his dad to be normal again or to have P.G. as a best friend again. The reason he would want to have P.G. as a friend again is because they were friends until Bennette told him that he is doing cross-country. The reason I think Bennet would want his dad normal again is because when his dad had stroke they could not do what they used to be able to do. Last, the reason Bennet would want to be skinny is because he is tired of being called fat boy.

Wow. It sounds like your character is going through a lot. Great job and great thoughts!

The War I Finally Won

Mix mail character Koda would probably wish for many things so I'll just say one of them. She'd probably wish to be ~~at~~ some at house back riding. What makes me say that is she loves riding horses. Another reason I say that is it says that in the book:

Surprise!

Great reasons, Tsotia! I wonder why she loves horseback riding so much.

Joey Harry Potter

If I could ask Harry a question it would be "how do you get and use quick spells?" I would ask that because I really want to be able to use simple spells and words. Another question I would ask is "is it hard being you?" because I want to know if it's hard being a wizard or a witch. I would also ask to be shown some magic because it seems so cool with all the talking potions and goblets and also just being around witches and wizards is awesome!

These are great questions, Joey!
I'd want to know, too!
