Spectacled caimans

Spectacled caimans have
Teeth as sharp as knives

Shiny white teeth that look like pearls
Hard skin like a knight's armor and
Yellow eyes like the sun

Ariel

RATS

RATS

small like a speck of dust

lives in the rust

of a trash can

cute like a little dog

but dirty as a log

Sammy

I got up today and it snowed
It's gliding down like silk dropping
one by one, it's amazing to ^{see} that
because I am in the middle of north

Blue Morpho Butterfly

In the rain forest high high above

You see something bluer and brighter
than the sky has ever been,
and as shiny as glistening water.

But on the other side is as brown
as olive wood,

With eyespots as big as yours!

And one wing is as big as your hand.

So, if you see one you know that, that
is it!
